

Girls on the Run of the Bay Area Bay Area TB Test Sites

The following is a list of free or inexpensive TB skin test sites in San Francisco, Alameda, Contra Costa, Marin and San Mateo Counties. If you have a primary care provider and/or private insurance, we encourage you to utilize those resources first as they typically do not charge for TB tests and you only need to see the nurse. For chest X-rays, call the San Francisco General Hospital TB Clinic at (415) 206-8524. If you choose to visit any of the programs listed below, please call ahead of time to confirm prices and hours. **PLEASE NOTE** that Girls on the Run of the Bay Area is only able to reimburse volunteers for up to \$30 for TB tests.
