

Girls on the Run Volunteers TB Test Form

The Education Code, Section 11780, states that all school district employees must have a tuberculin examination upon employment, and every four years thereafter. Volunteers in all Bay Area public schools working directly with students must comply with this ruling, including after school program providers and volunteers.

Based on this ruling, Girls on the Run is required by the Unified School Districts in the Bay Area to have on file a copy of your tuberculin (TB) skin test. If you have a primary care provider and/or private insurance, we encourage you to utilize those resources first. Kaiser does not charge members for TB tests and you only need to see a nurse. If you have had a TB test in the last 4 years, we can accept that TB test with written proof of a negative reading from your doctor.

Attached is a list of free or inexpensive TB skin test sites in San Francisco, Alameda, Contra Costa, Marin and San Mateo Counties. For chest X-rays, call the San Francisco General Hospital TB Clinic at (415) 206-8524. If you choose to visit any of these programs, please call ahead of time to confirm prices and hours.

When getting a new TB test, you can take this form to the medical provider.

TUBERCULOSIS EXAMINATION REPORT	
Volunteer's Name _____	
Volunteer Address _____	
Daytime Phone _____	
TB Test Date _____	
Results _____	clinic stamp
Technician _____	
ATTENTION MEDICAL PROVIDER Please sign in the space provided above, then affix clinic stamp in box to the right, or attach copy of test results or doctor's note to this form. Thank you!
